MEMORANDUM FOR THE RECORD

Morning Meeting of 30 April 1968

Godfrey reported that there was a flare-up in the Korean DMZ yesterday and that this may presage stepped-up North Korean pressure, which is not unusual for this time of the year.

Godfrey advised that OCI is checking out the New York Times story on the purported cutoff of Soviet wheat sales to Czechoslovakia.

Carver reported that General Wheeler has approved the use of General Westmoreland's Eyes Only cables in the "Black Book."

Warner noted that Senator Stephen Young attacked CIA on the floor of the Senate yesterday in connection with the Pueblo.

Warner reminded that the session with the House Special Subcommittee on National Defense Posture is tomorrow.

Warner drew attention to the letter from Senator Russell concerning cost-of-living increases for CIA retirees.
